This bulletin includes instructions for managing emails informing you that your domain name is being registered in China.

## Description

You may receive an email similar to this one:

**From:** Vincent Liu [<mailto:vincent.liu@yigudns.com>]  
**Sent:** Thursday, December 3, 2015 7:34 PM  
**To:** [info@jacksondesignbuild.com](mailto:info@jacksondesignbuild.com)  
**Subject:** jacksondesignbuild CN domain and keyword

(Please forward this to your CEO, because this is urgent. Thanks)

We are a Network Service Company which is the domain name registration center in Shanghai, China. On Nov 30, 2015, we received an application from Huasu Holdings Ltd requested "jacksondesignbuild" as their internet keyword and China (CN) domain names. But after checking it, we find this name conflict with your company name or trademark. In order to deal with this matter better, it's necessary to send email to you and confirm whether this company is your distributor or business partner in China?

Kind regards
